3. Technical Specifications

This quotation is based solely on the specifications, drawings, part numbers, samples, and technical information provided by the Buyer. Any subsequent changes to specifications, quantities, or scope shall constitute a revised requirement and may result in price revisions, revised lead times, or additional engineering and sourcing charges.

4. Pricing & Currency

Unless otherwise stated, all prices are quoted in United States Dollars (USD). Quoted prices are based on prevailing supplier prices, freight rates, statutory charges, and exchange rates at the time of quotation. In the event of significant changes prior to order confirmation or payment, AutoVeda Global reserves the right to revise pricing with prior notice.

5. Payment Terms

Payment terms shall be as specified in the commercial quotation.

Unless otherwise agreed:

- 100% advance payment prior to dispatch.
- All payments shall be made via approved international banking channels.
- Goods remain the property of AutoVeda Global until payment is received in full.

6. Banking Charges

All bank charges, including intermediary bank fees, correspondent bank deductions, SWIFT charges, and overseas remittance costs, shall be borne by the Buyer. The amount credited to AutoVeda Global's bank account must equal the invoiced amount.

7. Incoterms

Unless otherwise stated, delivery shall be governed by the latest edition of ICC Incoterms® specified in the quotation (EXW, FOB, CIF, CIP, DAP, etc.).

Transfer of risk and responsibility shall occur strictly in accordance with the applicable Incoterm.

8. Lead Time

Lead times are estimates based on information available at the time of quotation and commence only after:

- receipt of confirmed Purchase Order,
- receipt of agreed payment (where applicable), and
- receipt of complete technical approval from the Buyer.

Lead times may vary due to supplier schedules, production constraints, customs procedures, shipping availability, or other circumstances beyond our reasonable control.

9. Inspection & Quality & Claims

Products supplied shall conform to the technical specifications accepted at the time of order confirmation. AutoVeda Global performs procurement coordination and reasonable pre-dispatch verification where applicable but is not the manufacturer of the goods.

Unless expressly included in this quotation, any third-party inspections, laboratory testing, certifications, customer-specific quality documentation, or special inspection requirements requested by the Buyer shall be quoted and charged separately.

Claims: Any claim relating to shortages, transit damage, visible defects, or non-conformance must be notified to AutoVeda Global in writing within seven (7) calendar days of receipt of the goods, supported by photographic evidence, shipping documents, and any other relevant documentation. Failure to notify within this period may constitute acceptance of the goods as delivered.

Claims relating to manufacturing defects shall be subject solely to the applicable warranty terms of the original manufacturer. AutoVeda Global will provide reasonable assistance in coordinating such claims but shall not assume obligations beyond those expressly offered by the manufacturer.

10. Packaging

Export packaging suitable for normal international transportation is included unless otherwise stated. Any special packaging, fumigation, preservation, hazardous goods handling, customer-specific marking, or export compliance requirements requested by the Buyer shall be chargeable separately.

11. Warranty

Unless specifically stated otherwise, products supplied carry only the standard warranty offered by the original manufacturer.

AutoVeda Global acts as a procurement and export coordination partner and does not manufacture the supplied products.
