

Executive Overview

AutoVeda Global is an India-based industrial sourcing and export firm focused on connecting Southeast Asian system integrators, panel builders, and engineering firms with qualified Indian manufacturers. We help buyers simplify their procurement cycle by coordinating multi-vendor sourcing, export documentation, supplier communication, and international logistics through a single, accountable point of contact.

Core Export Services

We reduce the administrative effort and friction of cross-border procurement by providing comprehensive, end-to-end export support:

- **Sourcing & Supplier Coordination:** Direct component sourcing from qualified Indian manufacturing facilities with applicable quality and compliance certifications (such as ISO, CE, and RoHS where relevant).
- **Consolidated Logistics:** Aggregation of multi-vendor shipments into single, cost-effective air or ocean freight dispatches directly to ASEAN ports.
- **Commercial & Technical Support:** Provision of transparent commercial quotations, technical datasheets, and manufacturer communications.
- **Trade Compliance & Documentation:** Full export documentation handling, including Certificate of Origin (Form AI) support for qualifying shipments to leverage preferential tariffs under the ASEAN-India Free Trade Area (AIFTA).

Core Product Focus

Our consolidated supply channels support the critical hardware requirements for industrial automation and power distribution:

- **Panel Assembly & Enclosure Hardware:** Metric/PG Cable Glands, Push Button Stations, Terminals, and Wiring Accessories.
- **Precision Sensors & Automation:** Inductive/Capacitive Proximity Sensors and Process Automation Relays.
- **Process Control & Protection:** PID Controllers, Regulated Power Supplies, and Low-Voltage Control Gear.

The AutoVeda Advantage

Partnering with AutoVeda Global allows your procurement desk to access the Indian industrial manufacturing sector without the overhead of managing multiple overseas vendors.

- **Single Point of Contact:** One corporate channel for multiple Indian factories.
- **Reduced Procurement Friction:** One quotation, one invoice, and one consolidated shipment.
- **Responsive Communication:** Fast, clear, and direct English-language support from our New Delhi export desk.
